

A Memorandum about 3rd Asian Robotics Summit Meeting

[Meeting Date/Place]

Sep.24th, 2008, 12:00-13:00

"The foyer HERMES"

Acropolis Convention and Exhibition Center,
1 Esplanade du President John Fitzgerald Kennedy
06300 Nice, France.

[State of the Art of ARSU]

-Established 2007(last year)

-HP was constructed

1. By utilizing this HP as a tool not only to discuss the matter but also to share the information, we would like to promote the future cooperation among us under the ARSU
2. Updating and enhancement of the contents are needed
 - State of the Art of Robotics Research
 - State of the Art of Robotics Research Society
 - Award paper and technology of the year
 - Articles of Robot Market and Robotics
 - Who's Who

[Future Plan]

-Who's Who in Robotics in Asia

To build up a database of Who's Who in Robotics in Asia so as to facilitate the networking and the formation of future cooperation.

-Common R&D platforms in robotics in Asia

To identify some suppliers of common R&D platforms in robotics in Asia. On the basis of these common platforms, we can promote the advance and exchange of research findings, etc.

-Joint research projects

Through ARSU, it is possible to centralize the opportunities of call for proposals so as to promote the formation of joint projects,

-Personal exchange

To facilitate the personal exchange among the member countries.

-Annual Conference of ARSU

An annual event (e.g. ARSU's International Conference), which can be rotate among the member

countries so as to:

1. promote the awareness of Robotics R&D works in Asia.
2. mature the opportunities of collaboration.
3. support the robotics activities in the ARSU member countries.
4. create the mobility of young researchers among the ARSU member countries.

-Robot Education

WG of investigating each countries' robot education (Education of robotics or Education making use of Robot, educational institution, curriculum) and discuss the ideal curriculum or cooperation among ARSU.

-Call for New Participating Nations

India, Malaysia,

-Network of Excellent Young Researchers

-Articles of Incorporation and Regulations

[Next Meeting]

Lunch time of 2nd day of Next IROS09 technical session

IROS2009: Oct. 10-15, 2009, St. Louis, USA

Probably 12th or 13th of Oct.
