

A round of introduction by all participants.

Attendees: according to agenda list

- Prof Frank Park replaced by Ja Choon Koo

* Opening statement by President of RSJ – Toshihiro Sawa.

Robotics and IOT are important keywords in technology. Encourage sharing of knowledge to make impact in our life.

* Will make agenda from 10th ARSU meeting as the filed record for ARSU 2016. No significant issues in the 10th but website issued reported in 2016.

* Presentations by each member society. All slides are collected in pdf forms and form part of the minute appendix.

* Mechanism for updating organizational structure and contact details to ARSU
If there is any change in contact detail or organisational structure, please keep the information at ARSU webpage up to date.

www.asian-robotics.org/member

by sending the information to secretary@rsj.or.jp

www.asian-robotics.org/events/

Archive of ARSSM details.

We would like to keep the archive of the meeting minutes and information.

It was approved that the slides from each member society are to be uploaded to the ARSU webpage.

* Other potential new member societies?

Last ICRA, there was a session on Asian emerging countries, including India, Phillipines, Malaysia, UAE.

Action item: to contact Malaysia (Tom), Phillipines (Marcelo?), Indonesia (Denny).
